**Kevin L. Hoover**  
MAD RIVER UNION

ARCATA – The results are in, and Arcata's Plaza Improvement Task Force is reviewing its members' ratings of the many suggestions it has received for upgrading the town square.

The next step is forwarding recommendations to city staff to help determine what can realistically be implemented in the short, medium and long term.

The Plaza Improvement Task Force was created to identify, prioritize and make recommendations to the City Council on projects and programs that will improve the downtown Plaza neighborhood.

About \$150,000 has been allocated to enact improvements the task force comes up with and that the City Council approves. Those will be embodied in the group's final report, which it is now starting to draft.

The "matrix" of possible recommendations comes after months of public scoping and outreach, with numerous ideas recorded and rated. Still, task force members consider some groups underrepresented, and want to assign more importance to diversity and inclusion than the preliminary results offer.

## Troubled Arcata-to-Bayside route getting overhaul

**Steve Robles**  
MAD RIVER UNION

ARCATA/BAYSIDE – Everyone in Bayside agrees Old Arcata Road needs to be improved. But few agree what that improvement should look like.

Days after another accident on the neglected road triggered a vegetation fire, and three years after the City of Arcata first started developing plans for the Old Arcata Road Design Project, an oft-contentious public meeting last Thursday in which the city unveiled its prospective plans pitted neighbor against neighbor and neighbor against the city planners.

Old Arcata Road is a significant travel route for Arcata and the Bayside community. The road acts as an alternative route and an oversized load route for U.S. Highway 101, provides access to important facilities including

Sunny Brae Middle School, Jacoby Creek School, the Bayside Post Office and it provides access to unincorporated areas.

Currently, Old Arcata Road regularly experiences motorists traveling at high speeds, a large portion of the pavement within

the project area is in poor condition, and there are limited pedestrian and bicyclist facilities making it a challenging road to travel.

Center stage at Bayside Community Hall was whether or not roundabouts can be used to mitigate the after-hours traffic that comes howling at ungodly speeds down Old Arcata Road. Some were skeptical.

"I would rather have a stop sign than a roundabout," said Marc Delany of Bayside.

But others in the community, such as nurse Kristi Colbert, who said she has witnessed two fatal accidents near her home, implored her neighbors to embrace change.

"We need to suspend our disbelief that this can work," she said, "it can."

At times the meeting represented the tension inherent in a community like Bayside. It's not

# HSU gets \$8.6 million for Children’s Center, Child Development Lab

**HUMBOLDT STATE**  
HUMBOLDT STATE HSU has received \$8.6 million to rebuild the Trinity Annex to house the University’s Children’s Center. The Child Development Laboratory is also exploring opportunities to relocate to the remodeled space.

This project will allow more children to receive services, improve efficiency of operations and sustainability, open the programs’ current location to development, and reduce the amount of maintenance needed for campus infrastructure.

The renovation of the Trinity Annex, located at 14th and B Street on the south end of campus, is possible thanks to \$8.6 million in one-time funding from the State of California Budget allocated by the CSU Office of the Chancellor.

The project is expected to be completed in fall 2021. HSU President Tom Jackson, Jr. announced the project at the August 19 Fall Welcome.

The existing Trinity Annex building will undergo extensive work, but will retain the aesthetic of the west, original building. The building will be rebuilt to its current footprint design and complementary to the existing architecture. Built in 1944, the building served as the Trinity Hospital un-

til 1972. The HSU auxiliary purchased the property in 1969 and transferred ownership to the University in 2018. Currently only the east wing is being used, for storage.

Under the University’s proposed plan, the rebuilt space will benefit the Children’s Center by providing a purpose-built children and instructional facility to operate in and provide quality child care. The rebuild will include play yards and better pedestrian and traffic circulation.

There will be a dedicated drop-off point, and the project will improve pedestrian access to the south campus entry with improvements to an existing bus stop, and better integration with the community to the south of the campus boundary.

“We are very excited for this move,” says Children’s Center Director Betsy Wilson. “This new facility will allow us to increase our ability to continue our mission of providing high quality childcare to families in the University community, as well as training opportunities for the many student

assistants we employ.”

A report commissioned by HSU found that Early Childhood Education and the mission and values of the University are profoundly interrelated, and that child care is central to campus life for many students, staff, and faculty.

The survey conducted by the Campus Center for Rural Policy (CCRP) found that child care pos-

itively affects retention and improves the working environment. CCRP recommended the University help the Children’s Center increase funding and consider child care a basic need of students.

“Faculty and staff at Child Development Department and Child Development Lab are excited about this proposal,” says Hyun-Kyung You, Child Develop-

ment Lab Program Leader. “Overall, this potentially helps us continue our vision and mission and do even better what we have been proudly doing.”

Established in 1971, the HSU Children’s Center has continually provided affordable, subsidized high quality child care and early education programs for children aged three months to five years of HSU students, staff, and faculty families.

Along with providing a broad range of comprehensive services to families, the Children’s Center also employs student assistants as supervised “teachers in training” each semester.

## Gist is good to go

**HUMBOLDT STATE**  
– After final air clearance test results showed that no asbestos fibers were detected in the air, Gist Hall re-opened as scheduled on Monday, Aug. 12 at 8 a.m.

On May 10, Gist Hall was shut down out of an abundance of caution following the discovery of the possible presence of disturbed asbestos.

The disturbed material was found during a check of the building’s systems following reports of heating issues. It was discovered in a plenum—a space used to help circulate air—behind an access panel on the second floor.

After an extensive evaluation, the building was closed that day to ensure

the health and safety of students and employees. Classes were relocated, all activities were suspended, and the campus community was notified.

Various tests conducted over the next few weeks showed:

- No asbestos fibers were in the air.
- The material presumed to be disturbed asbestos contained some asbestos fibers.
- Asbestos fibers were not present in similar loose material that had been found in various areas of the building.

Contractors removed the disturbed asbestos and the University passed the required final air clearance test.

## Arcata needs public help with major plans

There's a lot going on here, from housing to sea level rise to developing the K Street Corridor, and you should care

### CITY OF ARCATA

ARCATA – The City of Arcata is working on three important Community Development Plans and is seeking public input.

goals into consideration.

The second plan is the Local Coastal Program (LCP). Due to sea-level rise, the LCP will address development restrictions in Ar-

development and redevelopment primarily along the K Street corridor.

It will focus on Arcata's housing and economic development needs with the goal of creating a well-balanced infill development program that encourages city development matching Arcata's current and future housing, commercial and industrial needs.

In order to create effective and inclusive plans for future development, the city needs public input.

A short public housing survey has been created so community members can

share their feedback with the Arcata City Council.

Arcata residents, those who would like to live in Arcata and those who are considering living in Arcata are asked to share their experiences regarding housing and economic development opportunities by taking this survey.

Arcata's Public Housing Survey can be found at [cityofarcata.org](http://cityofarcata.org). It will be open until Monday, Sept. 30. All community members are encouraged to participate. For more information, visit [cityofarcata.org](http://cityofarcata.org) or call (707) 822-5955.

**CITY OF ARCATA HOUSING SURVEY**

*Hi, Neighbors!*

We're working on three different plans right now, and all of them will be better if you tell us about your experience with housing here.

If you want to live in Arcata, we want to hear from you!

**1 LOCAL COASTAL PROGRAM**

One-third of Arcata is in the Coastal Zone. The Local Coastal Program sets rules for all development within this zone. We are updating our Local Coastal Program as we have new sea-level rise projections that may impact the downtown commercial district and some residential areas. We want to take a responsible path to plan for sea-level rise impacts on agriculture, coastal access, industrial development, wetlands, and other environmentally sensitive areas.

**2 HOUSING ELEMENT**

The Housing Element is one of the chapters of the Arcata General Plan. It focuses on current and future housing needs to create policies and plans to preserve, improve, and develop diverse housing types in Arcata. Our goal is to create many kinds of housing opportunities, with a range of costs, to meet growing demand. We also have a responsibility to balance our housing growth needs with economic, environmental, and community goals.

**3 COMPREHENSIVE STRATEGIC INFILL REDEVELOPMENT PLAN**

This plan will be a vision and implementation plan for Arcata's next 20-year development cycle. The plan will focus on housing and economic development needs. Our goal is to develop a plan that results in a right-sized, mixed-use, mixed-income, infill development program. We want to encourage development that matches our current and future housing, commercial, and industrial needs.

**TAKE THE SURVEY!**  
[CITYOFARCATA.ORG](http://CITYOFARCATA.ORG)

The first plan is known as the Housing Element.

It will set goals and strategies to meet Arcata's current and future housing needs by creating policies and plans to preserve, improve and develop diverse housing.

The city's goal with this plan is to create an array of housing opportunities in a range of costs to meet growing demand, while taking economic, environmental and community

city's coastal zone.

The city's goal is to take a balanced approach to sea-level rise adaptation considering impacts on agriculture, coastal access, development, wetlands and economic feasibility. Input from community members will be crucial to developing this program.

The third plan is the Arcata Gateway Specific Area Plan. This document will create an implementation plan for concentrated infill

## Forbes rates HSU tops

### HUMBOLDT STATE

HUMBOLDT – Humboldt State University is among the nation's top colleges, according to Forbes' 12th annual America's Top Colleges list. Forbes included 650 undergraduate private and public institutions on this year's list, which represents only 15 percent of the 4,300 degree-granting postsecondary universities in the U.S.

Caroline Howard, director of editorial operations says: "The evaluation of the 650 undergraduate institutions is based exclusively on the quality of the education they provide, the experiences of the students, and their post-graduate success and financial well-being."

HSU was recently named one of the 127 best colleges by *The Princeton Review*. The education services company lists HSU in the Best in the West section of its "2020 Best Colleges: Region by Region" feature. And earlier this year, the Peace Corps recognized Humboldt State University as a top producer of volunteers.

# Eureka standoff ends in woman’s arrest

**EUREKA POLICE DEPT.**

EUREKA – On Friday, Aug. 16 at about 9:57 a.m., Eureka Police Officers responded to the 500 block of West Harris for a possible assault call. The reporting party advised the Eureka Police Department communications center that a Postal Service carrier told them to call 911. The mail carrier appeared to be in a confrontation with a female subject. There was an additional female subject on scene that appeared to have been assaulted.

Upon the officer’s arrival, it was determined that the female victim had been assaulted about the head by her daughter. A metal flashlight was used during the assault on the mother. The suspect, identified as Sarah Michelle Wentworth, 34, had fled into the residence and locked the doors. It was also determined that there was a rifle in the residence. The mother was transported to St. Joseph Hiospital ER by City Ambulance for treatment to her injuries.

Officers secured a perimeter on the residence and attempted negotiations with Wentworth. After several minutes of unsuccessful contact with Wentworth, a Crisis Negotiator with Mental Health was requested and responded to the scene. While attempted notations took place, Detectives of the Eureka Police Department authored and obtained both an arrest warrant and search warrant for Wentworth, related to the assault.

Attempts at negotiating with Wentworth were made for over two hours, but she would not respond. At about 12:30 p.m., it was determined that negotiations were not affective and the search and arrest warrants would be served. Officers entered the residence and took Wentworth into custody without incident. A rifle was also located and seized.

Wentworth was not injured during the arrest, but she was transported to St. Joseph ER for medical clearance for precautionary reasons. Wentworth was ultimately booked into the Humboldt County Correctional Facility on a charge of assault with a deadly weapon. She is being held on \$35,000.00 bail.

This is an ongoing investigation and further details will be released as appropriate.

## Stabbing | Repeated calls

ported to a local hospital, where he was pronounced dead.

The Criminal Investigations Division responded to the scene and conducted an investigation. Brian Leiteritz, 40, was arrested on suspicion of murder and booked into the county jail.

“Deputies were familiar with the residence and some of the involved individuals, as there have been repeated calls for service at that location in the recent past,” states a press release from the Sheriff’s Office.

According to published reports, Leiteritz’s attorney, Michael Robinson, told reporters last week that his client was acting in self defense. Robinson said that Leiteritz’s angry ex-girlfriend arranged a home-invasion. At about midnight, power was cut to his house and someone banged on his door. When Leiteritz went to the door, he was attached, Robinson said.

The investigation is ongoing.

**MISSING** The Humboldt County Sheriff’s Office is asking for the public’s help in finding Hans Lippuner, who was last seen by his house mates on Oct.16, 2018, in the Dow’s Prairie area of McKinleyville. Lippuner, above, is a white male, 59 years of age, about 5’ 8” tall and weighs about 140 lbs. He has short brown/gray hair and blue eyes. He is a tree climber, mechanic and machinist. He is an avid outdoorsman and was known to spend time out camping, fishing, and rock climbing. Lippuner was last known to be driving a white 1998 4x4 Ford Econoline van, California License 4ANN813. Anyone with information about this case or related criminal activity is encouraged to call the Humboldt County Sheriff’s Office at (707) 445-7251 or the Sheriff’s Office Crime Tip line at (707) 268-2539.

**CRISIS ACTORS** Housing & Residence Life at Humboldt State University held an emergency simulation Wednesday, Aug. 14 to test campus and community response teams. The simulation included participation from Housing & Residence Life, the University Police Department, the Arcata Fire District and Arcata Mad River Ambulance. The purpose of the exercise was to train housing staff and local first responders on how to respond to a campus housing emergency. The emergency simulation is intended to provide a real-time, realistic experience of an emergency as well as provide the opportunity to test and evaluate a practical plan and practice communication among agencies. Housing & Residence Life began holding multi-agency emergency simulations in 1986. The exercise takes place each year in August. During a real campus emergency, information will be posted on the HSU homepage, and available by calling (707) 826-INFO (4636). PHOTOS BY MATT FILAR | UNION

# Missing hiker found dead in Trinity Alps

**TRINITY COUNTY SHERIFF’S OFFICE**

TRINITY COUNTY – The Search and Rescue efforts pertaining to Daniel Komins, 34, continued throughout the day of Sunday, Aug. 18.

The 12 Search and Rescue teams, referenced in previous press releases, began searching their respective areas around first light.

During the late morning, a California Highway Patrol helicopter observed what appeared to be a backpack. The backpack had been off trail, between L Lake and Mirror Lake.

Ground search teams, who were already near the area, went to the location of the backpack in an effort to recover it. The backpack was recovered and later determined to have belonged to Komins.

Search and Rescue members continued to search the area near the backpack, and later located Komins, who was deceased.

Komins’ remains were flown from the area via helicopter.

A preliminary investigation appears to indicate that Komins may have fallen in the steep and rocky terrain.

Although this was not the outcome that was wanted, the Trinity County Sheriff’s Office as well as family members of Komins, wanted to thank the Search and Rescue members as well as all other volunteers, for assisting in bringing Daniel Komins home.

Once additional information is obtained, further press releases shall be issued.

MAD RIVER UNION  
ARCATA / MCKINLEYVILLE – Arcata’s new postmaster, Amy Letter, was sworn in Tuesday, Aug. 13 at the McKinleyville Federal Courthouse.

Letter is a third-generation Postal Service employee, and the oath was administered by her mother, retired Postmaster Rita Johnson.

The McKinleyville Federal Courthouse is currently the home to several pieces of Treasury Relief Art Project (TRAP) murals from the 1930s that were originally housed at the Eureka courthouse and Post Office. The paintings which were created by artist Thomas Laman, depict scenes from Northern California history including farming, mining and native fauna.

The arty moment was further enhanced by a cake frosted with the stars and stripes, plus an original art piece by *Mad River Union* Editor Jack Durham depicting the Arcata Post Office.

Tradition is rich part of Letter’s postal career as well, in fact it is a family tradition for Letter who is a third generation postal em-

ployee. There are 70 years of combined postal service within her family, starting with her grandfather, then her mother before she too got bit by the Postal bug. “I took things one step further and changed my last name to Letter,” she quipped.

Letter began her U.S. Postal Service career 21 years ago as a clerk. In 2017 she tried her hand as a Supervisor in Eureka before becoming appointed as Postmaster of Arcata.

“I am thankful for the opportunity to serve the community of Arcata, I want to ensure the Post Office is here for many more years by providing great service to

our customers,” said Letter. Letter resides in Fortuna with her husband Ven, and their three children Madisyn 19, Kobe 17, and Matthew, 14. She enjoys spending time with her family, baking and cooking and cheering on her children at their sporting events.

As Postmaster of Arcata, which has a population of over 18,000 residents, Letter manages 55 employees and oversees the daily delivery of over 66,000 pieces of mail and packages to 14,558 street addresses and 2,200 post office boxes.

Letter succeeds previous Arcata Postmaster Hortencia Beltran.

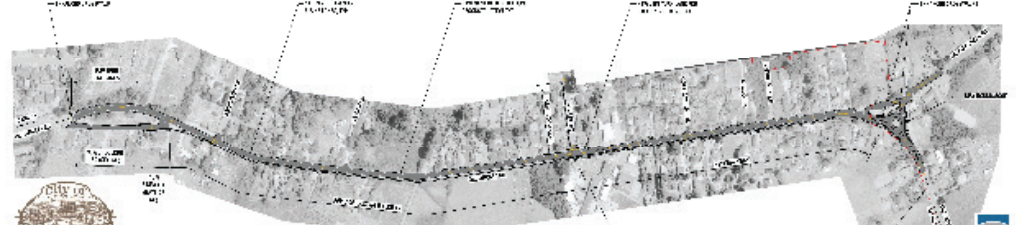

## OLD ARCATA ROAD REHABILITATION & PEDESTRIAN/BIKEWAY IMPROVEMENTS

**Overview**  
The project will provide roadway improvements to Old Arcata Road through the community of Bayside, between the Buttermilk Road roundabout and Jacoby Creek Road. The project will improve safety for non-motorized and motorized users, increase the use of active modes of transportation, and rehabilitate deteriorated roadway pavement. Additional benefits include enhanced heightened driver awareness of the community, filling an existing gap for non-motorized travel between the Jacoby Creek School and Jacoby Creek Road, and the installation of a new roundabout at the intersection of Old Arcata Road and Jacoby Creek Road.

The project is a direct result of input received from a community design charrette process that occurred in 2016 and 2017.

**Funding**  
In 2018 the City secured partial funding for project development and construction through State Transportation Improvement Program (STIP). The remaining cost is funded by the City of Arcata’s Measure G sales and use tax.

**Schedule**  
The City is currently working to complete the required environmental studies, CEQA/NEPA documentation, and environmental permits. Final design is expected to be completed in summer of 2020, with construction targeted for summer 2021.

**THAT’S A STRETCH** A host of improvements are planned. See more details at [cityofarcata.org/720/Old-Arcata-Road-Design-Project](http://cityofarcata.org/720/Old-Arcata-Road-Design-Project) IMAGE COURTESY CITY OF ARCATA

## Old Arcata Road | Complaint of lack of notice

❖ FROM A1

really a part of the city, much of it is unincorporated, and while it falls on the city to shepherd projects such as these, some residents seemed eager to remind their city officials not to push their “city folk” ideas like bicycle access, roundabouts, and paved rights-of-way on their quiet, country byways.

“This is not the city!” cried one flummoxed neighbor.

While some accused the city of steam-rolling past public input, proceeding without a traffic survey, assistant city engineer Netra Khatri reminded residents three previous meetings in which public input was sought had taken place during the process which began in 2016.

But Delany said he had only heard about this meeting at the last minute, as word-of-mouth spread through the community in recent days.

“We never got a notice about this meeting,” he said.

Some were concerned about how the changes would affect street parking (Khatri said they were looking into it), whether bus service would be extended out toward Jacoby Creek Road (it won’t), and whether the city was properly accounting for aesthetics such as walkability (remains to be

seen).

Denise Downey of Bayside didn’t think the city was paying enough attention to drainage along the highway.

Residents looked over giant printouts of the road spread out over tables, as well as images of the city plans, and stayed well after the meeting, which went longer than scheduled.

“I’ve been going to these things for three years,” said Khatri, “and I’ve never seen anything like this.

Funding for the \$4.1 million project will be provided by the State Transportation Improvement Project (\$2.4 million), ighway Infrastructure Program (\$841,000) and the remainder from Measure G, Arcata’s .75 cent Sales and Use Tax increment.

The project is in its environmental study phase, with the initial design about 35 percent complete.

The design should be finished by 2020, when finding will be finalized and the project will go out to bid. Another public hearing will be held to review plans, with construction set to begin in 2021.

### 8. THE DEBTORS’ SCHEDULES AND ACCESS THERETO

You may be listed as a holder of a claim against one or more of the Debtors in the Debtors’ Schedules. To determine if and how you are listed on the Schedules, please refer to the descriptions set forth on the instructions accompanying the Standard Proof of Claim Form(s) regarding the nature, amount, and status of your claim(s). If you rely on the Debtors’ Schedules or the Standard Proof of Claim Form(s) you receive in the mail from the Debtors, it is your responsibility to determine that the claim accurately is listed on the Schedules. As set forth above, if you agree with the nature, amount, and status of your claim as listed in the Debtors’ Schedules, and if you do not dispute that your claim only is against the Debtor specified by the Debtors, and if your claim is not described as “disputed,” “contingent,” or “unliquidated,” you need **not** file a Proof of Claim. **Otherwise, or if you decide to file a Proof of Claim, you must do so before the Bar Date, in accordance with the procedures set forth in this notice.** For the avoidance of doubt, if you have a Fire Claim and it is listed as “disputed,” “contingent,” or “unliquidated” you must file a Fire Proof of Claim Form.

Copies of the Debtors’ Schedules are available for inspection on the Bankruptcy Court’s electronic docket for the Debtors’ Chapter 11 Cases, which is posted on (a) the Case Website and (b) the Bankruptcy Court’s website at <http://www.canb.uscourts.gov>. # Let's get political

A few years ago I went with my wife and my dear old mom on a trip to Europe. We started in Paris, went down to the French Riviera, then through Italy, essentially following what the Brits used to call “the Grand Tour.” Shopping in a Paris flea market, I scored some cool 45s for my record collector son.

In Rome, I happened upon a store in an alley where they sold books and CDs, so I thought I'd check it out. There were books in the window by the poet **Ezra Pound**, and that should have been a clue. The CDs were all by metal bands and on closer examination, I realized they were by some of the worst sort of bands, National Socialist black metal by modern day fascists and neo-Nazis. I exited as soon as possible. Many of you know nothing about that world, but as a music writer, I was always worried that I would unintentionally help publicize the career of someone whose screamed lyrics hid vile hate-filled diatribes.

There always have been politically conscious anti-nazi metal/punk bands around, but lately for reasons that should be obvious, there are more. Earlier this year *New Yorker* magazine had a piece about **Black Flags Over Brooklyn** a fest bringing together “anti-fascist extreme-metal” bands. Punk rock has long been political.

I suspect this weekend's **Vert and Distort Vol. II** at RampArt Skatepark (Aug. 23, 24 and 25) is a metal/punk grab-bag along semi-political lines, with an emphasis on racism. The organizers explain, “Humboldt County, as beautiful and awe inspiring as it is, holds heavy racial tensions and emotional scars from the past and present. This event will introduce, as well as acquaint the new students and general public of the experiences and realities

of living in Humboldt County as a minority. As a small town we can create change through our activism with our voices and hearts, holding accountable the leaders and institutions that refuse to acknowledge the presence of systemic racism and bigotry... How can we effectively combat racism in Humboldt County? Here's your chance to find out.”

Some of the bands are more political than others. Some just want to thrash while their friends mosh. But **Charmaine Lawson** and local activists will speak out at the event and workshops are scheduled throughout. (All profits will be donated to Justice For David Josiah Lawson.)

Friday, Aug. 23, things start off at RampArt (on South G, near Redwood Curtain) with **Human Soup Hot Tub** (6 p.m.), then **Racket** (6:15 p.m.) **Cross Contamination** (6:30 p.m.) **The Chainlinks** (6:50 p.m.) and **Wet Spot** (7:10 p.m.). Then you get speakers from **Centro Del Pueblo**, then back to music by **The Choice** from Chico (8 p.m.) **Fall Children** from Ukiah (8:30) **Masculinity Crisis** from Seattle (9 p.m.) and the closers, **Deathwish WI**, punkers from Wisconsin (9:30 p.m.) until everyone is worn out. Single day ticket: \$15.

Saturday Aug. 24, there are two sessions, the “**Day Show**” starting at 1 p.m. is an underground thing at the “Manila Terror Center” with **The Flying Hellfish** (2 p.m.) **KLOD** (2:45 to 3 p.m.) **Masculinity Crisis** (3:15 to 3:45 p.m.) and straight outta Oakland, **Manback** (4 p.m.) \$5 gets you in. (Ask D-Beat for location.)

The “**Main Gig**” that day is back at RampArt starts with **Failed Blessings** (6 p.m.) then **Muppet Hunter** (6:20 p.m.) **Cross Oceans** (6:40 p.m.) and **Nan Elmoth** (7 p.m.), then a heartfelt speech by **Charmaine Lawson**. Music resumes with **Agnostic Priest** from Oakland (8 p.m.) **Aseptic** from San Jose (8:30 p.m.) **Hemotoxin** from Pittsburg, Calif. (9 p.m.)

First Lady, Claudia Alta “Lady Bird” Johnson (1912-2007), wife of the 36th President of the United States, visited Humboldt County twice: first on Nov. 25, 1968 at Jedediah Smith State Park, and again on Aug. 27, 1969, when she joined her Past President husband, Lyndon Baines Johnson, and their daughters Lynda Robb and Luci Nugent, their husbands

Charles Robb and Patrick Nugent, President Richard Nixon and his wife, Pat Nixon, and their daughter, Julie, with her husband David Eisenhower, along with California Governor Ronald Reagan, Interior Secretary Walter J. Hickel, U.S. Congressman Don Clausen, U.S. Senator George Murphy, National Park Service Director George Hartzog Jr., Laurance Rockefeller and the Rev. Billy Graham for a unifying afternoon dedication in the grove.

At no other time in Humboldt County's history have three United States

Presidents, past, present, and future, gathered at one time.

Lady Bird Johnson's mission as First Lady was beautification and conservation. She wrote: “My heart found its home long ago in the beauty, mystery, order and disorder of the flowering earth.”

Working with Congressman Don Clausen (representative from 1963-1982), Save-the-Redwoods League, the Department of the Interior, and State and Federal leaders, she championed the effort to preserve old growth redwoods (*Sequoia sempervirens*) by encouraging formation of Redwood National Park, which today comprises

## ♦ UNION INTERVIEWS

# 75 years of togetherness

*Note: Local historian Michael H. Pazeian recently sat down with long-time McKinleyville residents Ralph and Jo Miller and recorded their oral history. Below is a transcription of the recording, edited for length and clarity. — Ed*

**Michael H. Pazeian**

**SPECIAL TO THE UNION**

**Ralph:** We had known each other about two years when we married on Dec. 21, 1944. I had been in Samoa working at the mill for about two months when we first met.

**Jo:** I moved to Arcata with my parents when I was 9 years old from Louisiana. I started school. Some friends brought Ralph over to our house. I was in my senior year of high school, and his uncle's house where he lived was about quarter mile away.

I was 17 and he was 19. My parents were very strict with me. I was the oldest of seven so I was in charge of the kids. Ralph's cousin brought him to the house.

**Ralph:** Our first date was later. In those days we didn't have gas. I had a car but could not get a ticket for the

gas [during the Depression and the war gasoline was rationed.] Her dad worked nights, we were chaperoned, but I usually came over in the evenings, I was working at the mill during the day. I took advantage of her father not being home.

**Jo:** It was a few months before we went to the movies. And we went to what was called The Red Robin. We had a milk shake and a hamburger.

**Ralph:** I got in trouble over our first kiss. Her younger sisters tattled to her dad. I faced up to him and said, “If you don't trust me with your daughter that is fine, I won't be back.” He said, he was fine with us being together.

We dated almost another year before I joined the Navy. I came home on leave in December of 1944 and we got married. Then I went overseas.

**Jo:** We wrote to each other two to three times a week while he was gone. I missed him. I was finishing high school. Graduated in June of 1945. I wanted to finish high school and my parents agreed. After I graduated, I

got a job at Daly's Department Store in Eureka in the shoe department. I was living with Ralph's brother and sister in Samoa.

**Ralph:** I got home to Samoa and the mill was on strike. But, my brother and cousins were working at another mill in Arcata and they hired me. My dad had bought a place with two houses on it. Then they

News from sunny Blue Lake

Summer is coming to an end - and Blue Lakers know just where to get the last of their summer fun. Come out to the Mad River Brewery for some late evening sun and music every weekend!

Don't forget to check out the sun cam before coming out to the river, which can be found on both the Blue Lake Chamber of Commerce website at [sunnybluelake.com](http://sunnybluelake.com) or the City of Blue Lake website at [bluelake.ca.gov](http://bluelake.ca.gov).

Blue Lake School

School Starts on Monday, Aug. 26 for Blue Lake School. Please watch out as your drive through Blue Lake – at all times, but especially during the early morning drop off and the afternoon pick up times. Students will be walking and biking to school, as well as parents dropping off or picking up their dear ones as they embark on another year of learning. Let's start this year off with safety and driving slow through town.

BL City Council

The Blue Lake City Council will be having its regular meeting on Tuesday, Aug. 27 at 6:30 p.m. Meetings are held at Skinner Store, behind City Hall, and are always open to the public. Agendas and packet information are available on the website, or at City Hall, no later than 4 p.m. on the Friday before the meeting.

Coming soon...

Keep your ears and eyes open for information on these upcoming events: Blue Lake Enduro Mountain Bike ride in September, Hoptoberfest in October, and maybe even a *new* music festival event that is still in the works that is possible to come to Blue Lake that will be *out of this world*, coming in mid-September.

Museum and library

Don't forget the other reasons to come to Blue Lake, like the Blue Lake Museum, still open on Fridays, Saturdays, and Sundays from 1 to 4 p.m. or Public Skate nights on Tuesday, Friday and Saturdays, with a matinee skate time on Sundays.

Check out the City of Blue Lake website mentioned earlier for details of times and prices. Plus, the library reading program has a few more months left to go. Check out our cute library full of all the books you could ever need, plus the ability to request from other libraries. The Blue Lake Library is open on Wednesdays from 2 to 7 p.m. and Saturdays from 11 a.m. to 4 p.m.

**MARSH TOUR** Friends of the Arcata Marsh (FOAM) invites you to join a free tour that will cover wetland restoration and plants at the Marsh. On Tuesday, Aug. 27 at 2 p.m., Mary Ann Madej and/or John DeMartini will lead this slower-paced tour. This tour only will happen if at least one phone reservation is received. Call the Marsh Interpretive Center at (707) 826-2359 if you plan to attend. Note that the starting point for this monthly tour has changed. From the intersection of Samoa Boulevard and I Street in Arcata, drive 0.5 mile south on I Street. There, the road turns sharply to the right, and several parking spots are available. Participants will start and end their short (0.5-mile) walk there.

**NORTHCOAST HOMESHARE** There are people out there who need housing and there are those with extra rooms in their family homes. Why can't they live together? The right roommate could ease a mind, do the heavy lifting, grocery shopping, cleaning, or simply provide companionship and emergency help. There are local folks already enjoying multi-generational living and we need more of us to give it a shot. Northcoast Homeshare provides personal support to both the home sharer and the home seeker to find the best match possible. Both are interviewed, background checked and asked to submit a thorough application. Northcoast Homeshare staff visit the home and rental space and guide the home sharer in developing reasonable expectations about space use and cost. Northcoast Homeshare will help both understand the importance of a written rental agreement and how to be a good roommate. Instead of using an online matching site, people can call Northcoast Homeshare for more personal Call (707) 442.3763, ext. 209 or download an application from [ataa.org/homesharing](http://ataa.org/homesharing).

For a different sort of politics, of the eco-sort, we have “**Luna Then and Now**,” Thursday, Aug. 22, at 7 p.m., a free event at the Arcata Li-

brary. In case you’ve never heard of her, well, “Luna is an ancient redwood that rises 200 feet above the Eel River in Southern Humboldt. Retired HSU math professor **Stuart Moskowitz** will talk about her. From 1997 to 1999, **Julia Butterfly Hill** sat atop Luna to prevent the cutting of this 1,000 year-old tree and to attract the world’s attention to the necessity of protecting and restoring natural resources.”

I got to know Julia a bit when she was living in Luna spending her time talking on her cell phone to reporters. At the time she brushed aside the fake news of the day. “I’m doing wonderfully as far as my health goes,” she assured me. “There’s been all kinds of rumors. I’m not pregnant, I don’t have six toes, I have never eaten corned beef at the Scotia Inn, I’m not marrying a Highway Patrol officer.”

I actually broke the news story when Ms. Hill made a deal with the timber company that led to her leaving Luna. There were some who felt she sold out. “I never set forth any specific conditions that had to happen before I came down,” said Julia. “I came forward with terms for a resolution with Pacific Lumber, a comprehensive conservation easement where both sides could win, and I got attacked for making nonnegotiable demands from one side and attacked from the other side, saying I was negotiating with a company that can’t keep its word.”

some 133,000 acres, in Del Norte and Humboldt counties.

Within the boundaries of the National Park are three existing California State Parks, Jedediah Smith, Del Norte Coast Redwoods and Prairie Creek. Much of the land was acquired from private landowners, with positive and negative economic and social effects still in memory. President Johnson signed into law legislation creating Redwood National Park on Oct. 2, 1968, a few months before he left office.

Many of the trails and camp grounds in the park are well known to local residents and visitors, however, since Lady Bird Johnson Grove off Bald Hills Road about 20 miles north of Trinidad, with its serene 1.4 mile trail, is one of the most popular for its proximity to Trinidad, Trinidad Museum chose to highlight the Grove and its dedication, which brought political leaders to Humboldt County for a celebratory day in the awe-inspiring redwoods.

Special thanks to Redwood National State and National Parks, Orick, for the loan of most of the photographs, newspaper articles, and the oil painting by C. T. Wilson, and to Special Collections, Humboldt State University for permission to show the black and white silent video of the arrival of dignitaries at the Eureka-Arcata Airport and of the dedication ceremony itself on Aug. 27, 1969.

The text of remarks made by President Nixon and Former President Johnson can be read in the binder next to the video.

The exhibit will continue through September 2019.

**NOTICE OF PETITION TO ADMINISTER ESTATE OF DONALD C. HITT CASE NO.: PR190181**  
To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of:  
**DONALD C. HITT**  
**Petition for Probate** has been filed by: JOAN KAISER, PETITIONER in the Superior Court of California, County of HUMBOLDT.

The Petition for Probate requests that: JOAN KAISER, be appointed as personal representative to administer the estate of the decedent. The petition requests the decedents will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take any actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

**A hearing on the petition will be held in this court as follows:**  
Date: AUG. 29, 2019  
Time: 2:00 PM  
Dept.: 6  
Address of court: Superior Court of California, County of Humboldt, 825 Fifth Street, Eureka, CA, 95501.  
**If you object** to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

**If you are a creditor or a contingent creditor of the decedent**, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) **four months** from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) **60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. **Other California statutes and legal authority may affect your rights as a creditor. You may want**

**to consult with an attorney knowledgeable in California law.**  
**You may examine the file kept by the court.** If you are a person interested in the estate, you may file with the court a formal Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. Attorney for the petitioner: ARTHUR NIELSEN

**IMPORTANT NOTICE TO PROPERTY OWNER:**  
YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 05/04/2006. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

Trustor: Kirsten Tveter, A Single woman  
Duly Appointed Trustee: Western Progressive, LLC  
Deed of Trust Recorded 05/09/2006 as Instrument No. 2006-13642-11 in book ---, page--- and of Official Records in the office of the Recorder of Humboldt County, California,  
Date of Sale: 09/20/2019 at 10:00 AM  
Place of Sale: Front Entrance Humboldt County Courthouse, 825 5th Street, Eureka, CA 95501  
Estimated amount of unpaid balance, reasonably estimated costs and other charges: \$269,488.54

THE TRUSTEE WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK DRAWN ON A STATE OR NATIONAL BANK, A CHECK DRAWN BY A STATE OR FEDERAL CREDIT UNION, OR A CHECK DRAWN BY A STATE OR FEDERAL SAVINGS AND LOAN ASSOCIATION, A SAVINGS ASSOCIATION OR SAVINGS BANK SPECIFIED IN SECTION 5102 OF THE FINANCIAL CODE AND AUTHORIZED TO DO BUSINESS IN THIS STATE:

All right, title, and interest conveyed to and now held by the trustee in the hereinafter described property under and pursuant to a Deed of Trust described as:

More fully described in said Deed of Trust.  
Street Address or other common designation of real property: 1021 Gross Street, McKinleyville, CA 95519  
A.P.N.: 512-111-005-000, 512-111-006-000

The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above.

The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: \$269,488.54.

**Note:** Because the Beneficiary reserves the right to bid less than the total debt owed, it is possible that at the time of the sale the opening bid may be less than the total debt.

The beneficiary of the Deed of Trust has executed and delivered to the undersigned a written request to commence foreclosure, and the undersigned caused a Notice of Default and Election to Sell to be recorded in the county where the real property is located.

**NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.

**NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866)-960-8299 or visit this Internet Web site <http://www.altisource.com/MortgageServices/Default/Management/TrusteeServices.aspx> using the file number assigned to this case 2018-01923-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.

Ready for take off!

This week we're excited to introduce you to Miss Amelia! A loving mom of three, Amelia has taken up temporary residence in our Blue Lake Store to give her more room to stretch her legs than our kitten room has the capacity for.

Ever the social butterfly, Amelia enjoys rubbing up on the ankles of shoppers and asking for attention with her trademark "chirp." She is also quite the explorer – channeling the spirit of her namesake, Amelia Earhart – and we can tell she is eager to begin her next great adventure.

If you're interested in meeting Amelia, please come by our Blue Lake Thrift Store, 410 Railroad Ave., Tuesday through Friday from 11 a.m. to 5:30 p.m. or Saturday from 10 a.m. to 5:30 p.m.

All other adoptable animals are available to be visited at 88 Sunny Brae Center, Arcata from noon to 4 p.m. Tuesday through Saturday. Please be aware that the animals featured here may have applications in the process of being reviewed. For more information about a specific animal, please give us a call at (707) 826-PETS (7387). Applications are available in both of our stores or online at [cafanimals.org](http://cafanimals.org).

All of the animals at Companion Animal Foundation have been spayed/neutered, microchipped, treated for parasites, and are up to date on their vaccines.

**SOMETHING DIFFERENT SHOW** The final edition of the Something Different Show on Monday, Aug. 26 at 9 p.m. at The Jam, 915 H St. in Arcata will feature Isaac Bluefoot and the School of the Dragonflower, the one-and-only Pete Ciotti, Eureka Councilwoman Leslie Castellano and live music by Samba Da Alegria.

**SWING DANCERS WANTED** College students and the public are invited to learn about how to get involved with *Swingposium On the Road*, a live dance and music performance by San Jose Taiko coming to Humboldt in January 2020. Come to an informational meeting on Tuesday, Aug. 27, from 5:30 to 7:30 p.m., in the HSU Library Fishbowl (Room 209). There, the road turns sharply to the right, and several parking spots are available. The group will start and end its short (0.5-mile) walk there.

Sweet Tater never fails to entertain

I'm writing this week from the middle of a fascinating workshop presented by a group called the Shelter Playgroup Alliance. They have come here to share their experience with various forms of enrichment for shelter dogs, including how to safely create playgroups for the dogs so that they get to have social time with their own species.

The presentations so far have included a selection of inexpensive ways to entertain the dogs in or out of the kennels, some of which I'll share here, and a quite detailed catalog, for lack of a better word, of how to read the signals and body language that dogs use to express themselves to humans and other dogs.

Tails, eyes, body stance, play bows and more all can tell us so much if we just know what we are looking for. One fun fact that you can observe in your own dog is that dogs really can "shake it off." They sometimes use a full body shake to transition from one activity or emotional state to another.

You can see that when they get up from a nap, or are done with one activity and moving on to something else. I don't think I had ever really noticed that before. The various signals that we learned about will help us to safely pair up dogs for play.

Just like us, not every dog wants to be friends with every other dog so it will be great to know how to recognize a good match!

One dog at the shelter who seems to like every dog he has met is young Tater. Tater is about 1 year old and has a lovely dark brindle coat and a very nice temperament. He is calm around people and other dogs, while still

Tater

able to enjoy a good game of fetch or a run in the play yard with his kennel mate Cali. Tater walks nicely on the leash. When we have had him out for walks with other dogs, he is a quiet observer until he determines that it is a friendly situation.

In his photo you can see how comfortable he is by his relaxed mouth and body position, with ears and tail in neutral, not up or tucked. It's a little hard to see, but his back legs appear to be in frog position.

We see that more in the Pit Bull Terrier mixes and it never fails to entertain! This is such a sweet tempered boy; whoever adopts him will be very happy with their new companion.

Tater is neutered, microchipped and current on his vaccinations. He is available from the Humboldt County Animal Shelter located at 980 Lycoming Ave. in McKinleyville near the airport. Millers | Loading railroad box cars with lumber

**FROM B1**

**Jo:** Ralph is a handyman; I never need to call anyone to fix anything. He finished his Naval service in San Diego and was home in early 1946.

Our first born, Jerry arrived in November. Our

daughter was born in 1948.

**Ralph:** I was still at the mill. I was loading flat cars with finished boards. I was doing that for six months. This small mill shut down.

I went to a larger mill in Arcata and got a job there,

doing the same thing. Then I was helping the forklift driver. Then two of us would load a box car – getting 50 cents each per 1,000 board feet. About 20,000 board feet per box car. And we could load two box cars in a day. That was really good money in the 1950s.

**Jo:** We had a savings account. I was taking care of the money. The Lord was really good to us. He got into management.

**Ralph:** I was at the Arcata mill for 8 years. Then I was approached by a new yard in Blue Lake, Cal Pacific. I went to work for them. About 1955.

I started as a forklift operator then eventually became the plant manager. I was there for 25 years. Through our doctor at church we got some land in eastern McKinleyville and I built a house on it in 1958.

I did a lot of work, communicating to many people to bring water and sewage to that area. Our kids were going to school. Jerry was big in sports. We took a trip to Colorado each summer.

We have had a good life together.
